

ETUM

An initiative for effective implementation of Swachh Bharat Abhiyaan.

एक कदम स्वच्छता की ओर

ETUM

1. The estimated cost of the device is 150 rupees, no maintenance cost is required as we have used a rechargeable battery.
2. The device will run continuously for a duration of about 5-6 months.

ETUM

The device is designed to work even if there is no regular supply of electricity in the area.

NO ELECTRICITY

ETUM

A person will record the data from the device after a period of 5-6 months.

ETUM

The low cost, long lifetime and no maintenance cost makes it optimum for large scale usage.

AWESOME!
